

NHS Learning Hub now has CPD modules on ME/CFS

Including support of severe ME/CFS

**An Introduction to ME/CFS
(myalgic encephalomyelitis and
chronic fatigue syndrome)**

**ME/CFS: guidance for
community-based healthcare
practitioners**

**Supporting people with
severe ME/CFS**

**Support and clinical
management of severe ME/CFS**

This session is restricted to full users only

The e-learning modules were created with the Department of Health and Social Care (DHSC) and following NICE guidance, with input from clinicians, government representatives, charities including the ME Association, and people with lived experience.

Modules also reference further guidance and resources.

A certificate of attendance is awarded on completion of the course. See: <https://learninghub.nhs.uk/catalogue/mecfselearning?nodeId=7288>
