

# Learn more about ME/CFS with the Online CPD Training Course!

## Myalgic Encephalomyelitis Chronic Fatigue Syndrome

StudyPRN

### TAKE THE COURSE

Take the online training course from StudyPRN  
<https://www.studyprn.com/p/chronic-fatigue-syndrome>

**We want to work with Health  
Care Professionals to improve  
knowledge about ME/CFS**

**FREE RESOURCE ■ USES CLINICAL CASES  
ASSESS KNOWLEDGE OF ME/CFS**

You'll receive one hour of CPD on successful completion of the resource.

Please complete the questionnaire here:  
<https://tinyurl.com/y6utwe5c>

*"Great to have a well designed, succinct but very informative and up to date course on ME/CFS. I will be forwarding the link and urging other professionals to follow this short, but excellent course."*

The CMRC <sup>1</sup> Medical Education Group is led by Dr Nina Muirhead <sup>2</sup> (an NHS surgeon with ME/CFS, pictured left), who has launched in partnership with Study PRN an accredited training module for health professionals about ME/CFS.

■ The course was produced by medical experts in ME/CFS.

#### Why take this course and who is it for?

- The course has been designed for HCPs and anyone with a professional interest in the condition.
- It will help you identify symptoms, determine a diagnosis and consider effective treatments using case study examples.

#### What might the benefits of taking the course be?

- The module works with you to determine correct answers and your knowledge about ME/CFS will be improved as a result.
- We hope HCPs will learn more about ME/CFS from this module, and that this knowledge will lead to better healthcare outcomes and improved relationships with patients.

<sup>1</sup> The CFS/ME Research Collaborative chaired by Professors Stephen Holgate and Chris Ponting.
